

KNIGHT GROUP

The Knight Group has a number of customers in the Petrochemical, Oil and Gas sectors and is a reliable supply partner, providing high performance nickel alloys, specialised Stainless steels and Titanium products. The Knight Group have a comprehensive processing capability and are able to work with very tight tolerances and provide material in the grade, size and form to suit even the most demanding specifications. Our sales and purchasing teams work closely with both sides of the supply chain to ensure that the crucial expertise, application requirements and material knowledge are used to provide the best material solutions. We believe firmly that trust is key to successful partnerships and we offer full material traceability and a proven quality track record.
